

Making Friends with the Browser

Ajax, Back Buttons and Bookmarks

Brian Dillard, Ajax Lead
Pathfinder Development, Chicago

Wednesday 01 October 2008

Because this talk covers Ajax history management, I thought it would be interesting to forego Keynote/Powerpoint and run the entire talk from a web browser: demo + slides in one neat package. Visit the following URL anytime after 7 a.m. October 1, 2008 to follow along:
